

Epilepsy Foundation of Michigan

Powers Chapman customer service representative Anissa VanAssche and her family are strong supporters of the Epilepsy Foundation of Michigan. Anissa's husband, John, was diagnosed with epilepsy in 1999 and since then John has been unable to work. Anissa and John, together with their two daughters, rely on the services provided by the Epilepsy Foundation. The foundation has provided many resources, including counseling, support, and education about epilepsy and ways to successfully live with the condition. Every year the foundation hosts "The Summer Stroll" at the Detroit Zoo to raise funds for this life-changing cause. The VanAssche Family is very involved in the cause, hosting their own independent fundraisers at Stevie B's Pizza and Kroger, so not another moment is lost to seizures.

"Powers Chapman and my fellow employees have always been a tremendous support for me and my family, whether by financial donations or emotional encouragement, and for that my family and I are forever grateful."
– Anissa
